YEM – Official Announcement 30th November 2020

Dear YEM Holders,

Developments regarding the acceptance of crypto currencies and the overall huge increase in their value and appreciation shows that they are perceived as real values.

While YEM has a different function from close to all other crypto currencies, the overall appreciation is also reflected in the appreciation of YEM. SWISS DIGITAL FUNDS has opened and is widely taken advantage of by many YEM holders. YEM BIDS is open and frequented, and also TWNKL.GOLD had a great start.

The huge potential of YEM isn't even hardly touched. We are sure that the unique concept and strategies will be pushing YEM to the very top over time, as the features coming along with YEM are giving holders, businesses and investors a level of security and advantage that is unprecedented.

Thus, the YEM Foundation decided to increase the price range for YEM by \$0.25. The new Trading Range is now from \$1.8500 to \$2.0500 with the first trade starting at \$2.0250 at YEM EXCHANGE.
